DESCRIPTION

Welcome to Carmel By The Sea's old school house. This unique property has been taken down to bones and built back to keep the integrity of the original historical school house. Originally built in 1935 this freshly completed restoration offers 4 en suites, 4.5 baths, bonus room/library, loft, awesome kitchen and gorgeous living room with serene natural lighting that opens up to entertainers deck on a 12,000 sq. foot lot, to make for a huge yard that is typically hard to find in Carmel by the Sea. Being able to find a home that is this large on a useable lot, walking distance to downtown Carmel and Beaches is rare find. The school house is not just purchasing a beautiful home, but buying into a bit of sweet Carmel history. There are 11.8 extra water credits.
