PROPERTY DESCRIPTION

Designed and built by Steven Munkdale in 1982, whose firm was renowned for their design of the Cannery Row bike trail and Carmel Beach walkway, "Windamere" was known as "one of the best-designed Carmel-by-the-Sea homes at the time". Photographed by thousands, its storybook wavy roof is eye-catching, and its signature blue color exudes coastal charm. The spacious 2,191 sq ft home is anchored by a large octagonal living room with hickory pecan hardwood flooring throughout the home, and a soaring stone-clad fireplace. The well-appointed kitchen features gas appliances, stone flooring, marble counters, and cherry cabinets. An elegantly designed iron staircase connects the main floor to the second floor, leading to two guest bedrooms with interior patio views, an office space, and the primary bedroom suite with a private patio offering glimpses of the ocean towards Stillwater Cove. The private backyard blooms with vibrant gardens and a stone water feature, providing year-round delight.

Square footage, acreage, and other information herein may have been received from a variety of sources and has not been verified. If important to buyers, buyers should conduct their own investigation.
