PROPERTY DESCRIPTION

Located in Jack's Peak, an area known by locals as having a perfect blend of rural privacy, convenience and sun in the center of the Monterey Peninsula, 540 Aquajito Road features two separate parcels totaling approximately 10 acres with big bay views. The well maintained home was built in 1989 by the current owners. Built as their forever home, they spared no expense and it shows with the quality craftsmanship, the finish details and the timeless style. The home lives on one level and features two bedrooms located on opposite ends of the house providing ultimate privacy. There is also an office that could be converted to a third bedroom. The open floor plan boasts high ceilings, natural light and lots of windows with a large gourmet kitchen, family, dining and living room with bay views enjoyed from every room. The second parcel was once used as a first class equestrian facility. Enjoy exquisite gardens, prolific roses and trails for riding all on your very own slice of Carmel land. The home was built to support a second story if desired and there is also an abundant basement. This is an exciting opportunity to let your imagination create the estate of your dreams.

Square footage, acreage, and other information herein may have been received from a variety of sources and has not been verified. If important to buyers, buyers should conduct their own investigation.
